

## Corporate Overview

The Latin derivative of Levare means “to leverage”. Our mission at Levare is to leverage our technology expertise and resources to move our client’s business to the next level through improved operational efficiencies, cost reductions and growth. To this end, Levare provides high-end enterprise software applications, custom software development and professional services to organizations within the financial, healthcare, non-profit, manufacturing and government sectors.

Our approach to each client engagement continues to be one of enthusiasm and dedication to innovation and customer satisfaction. Levare is the center-point of a full range of applications and services – all designed to make our valued clientele more market competitive and operationally efficient.

**Center Court**  
Judicial Scheduling Software

Center Court is the most advanced scheduling and calendaring software for the judicial court system today! It is centered around the process of scheduling a hearing, trial or court event for a judge, courtroom or court calendar. It can help make any court more productive and efficient!

Center Court can effectively manage the most strenuous docket for any criminal, civil, family, traffic or juvenile court at the State or Federal level. Calendar setup, event search and reporting is as easy as 1-2-3! Provide public access to calendar information via your website and download calendar data to a Judges PDA!

## Easy to Setup

- Calendar setup wizard
- Customizable workflow
- Customizable case number format
- Role-based security
- Configure user preferences

## Easy to Use

- Schedule, reschedule, cancel events
- Daily, weekly, monthly views
- Block time on your calendar
- Share calendars
- Email notification of events

## Advanced Functionality

- Master Calendar Design
- Mass scheduling
- Conflict resolution
- Overbooking
- Court utilization and metrics
- Audit trail of all events
- Public access to calendar
- Attorney access to calendar
- User-defined fields

## Searching and Reporting

- Search for any judicial event
- Available time search and schedule
- Customizable docket reports by judge, location and court
- Master calendar report
- Case history report
- Attorney calendar report
- Export to Word, Excel or PDF
- Download Judges calendar to PDA

## Value Proposition

- Streamlined scheduling process
- Avoid scheduling conflicts
- Automated calendaring
- Increase staff productivity
- Detailed case history
- Time savings

## Calendar Dashboard

The dashboard provides quick and easy access to all your scheduled events for the day. Daily hearings, motions and trials are right at your fingertips! View critical alerts! Manage valuable resources via our Court Metrics! Gain access to your saved quicklinks! Manage your to-do list! Drive your calendar when and where you need it!
