CENTER COURT™ V3.0 OFFERS MASTER CALENDARING AND MASS SCHEDULING

Web-based Calendar and Scheduling Software for the Judicial Courts

Dayton, New Jersey: January 20, 2005

As a leading provider of judicial applications and services, Levare announced today the general availability of Center Court™ version 3.0. Providing an exclusive automated judicial calendaring and scheduling solution, Center Court™ enhances the process of scheduling any event for a Judge, location and court.

Version 3.0 greatly enhances the existing application to provide a master calendaring design for the small and large court systems. Easily view a specific calendar for a judge, location or court or select them all in one easy-to-view format. This unique design fits the most complex centralized scheduling department as well as the Judicial Assistant who handles one calendar for a Judge. Version 3.0 also provides a mechanism to easily perform mass scheduling or rescheduling of an event as well as calendar overbooking.

Center Court™ is flexible, web-based software that provides an easy-to-use method for scheduling hearings, motions, trials and judicial events. It can effectively manage the most strenuous docket for any criminal, civil, probate, family, juvenile or traffic court. It's rich feature-set includes multiple calendar views, available time slot search, calendar blocking, conflict resolution, email notification of events, rescheduling or canceling of events, user defined fields, calendar set-up wizard, customizable case-number format, role-based security and customizable calendar reports with export facility to Excel, Word or PDF. The Calendar *DASHBOARD* provides quick and easy access to all scheduled events and alerts. Center Court™ can streamline the scheduling process, increase court staff productivity and keep all calendars up-to-date.

Center Court™ is available in a Windows, Linux or UNIX environment and can be easily integrated into any E-Government portal or case management system. Databases supported include Oracle, SQL Server, MySQL and DB2. Plumtree version 5.0 is supported. iCalendar specification compliance is in the product roadmap. Personalized training, installation and implementation services are available.

Pricing and Availability

Center Court™ Version 3.0 is available immediately. Individual and site licensing pricing plans are available. Software licensing, VAR and OEM options are available, as well as custom web portal integration and professional services. Please contact Levare for custom pricing information.
